

FISCAL NOTE

SJR 80

March 31, 1999

SUMMARY OF BILL: Directs the Department of Environment and Conservation to conduct a study to determine the total cost of reconstructing and restoring the historic Port Royal Covered Bridge in Montgomery County. The Department of Environment and Conservation shall report its finding relative to such study to the Senate Environment, Conservation and Tourism Committee and the House Conservation and Environment Committee no later than April 1, 1999.

ESTIMATED FISCAL IMPACT:

MINIMAL

The Department of Environment and Conservation has received a preliminary engineering study for this project and has estimated repair costs for the Port Royal Bridge. Estimate assumes that any additional efforts required by this resolution should have no significant fiscal impact.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
